Flies must be forwarded in boxes furnished by the State Board of Health. These boxes may be obtained on application to the Board.

It has been found by experience that the "swatter" is one of the most effective means of destroying flies. A simple fly poison which is harmless except to flies may be made by diluting formalin in sweetened water one part in ten.

## ABOUT THEODORE ROOSEVELT.

Below is the estimation in which Former President Roosevelt is held by the majority of the people in the East. Not by the Capitalists, the Politicians or the money bosses, but by the people. Roosevelt did more for Utah when President than any President that ever occupied the White House.

"The Greatest living Champion of the Preferential Primary is Theodore Roosevelt. The Greatest Living Champion of the rights of the majority is Theodore Roosevelt. The Greatest Living Champion of the plain people is Theodore Roosevelt. He has Fought Monopoly, fought Capitalistic Oppression, and fought the entrenched politician all his life—Fought them with a courage, an intelligence, and a terrific aggressiveness the like of which the world has never before seen."

"Roosevelt is in a class by himself—A man of fine breeding, of ripe education, wise in his knowledge of the world, wise in experience, marvelous in vision, and in initiative and execution a whirlwind—Matchless among all the men of all the world." "Born to position, Harvard Educated, Inheriting the association with and the friendship of the Fortune-Favored world of wealth and power and social eminence, he turned early in life, from all these to the plain people, who need him most, and became their Champion, their leader in the mighty revolution that now grips all America."

"Mentally and physically, Roosevelt is a phenomenon. He is as powerful in one respect as in the other—Fit at all times for the Prize-Ring, and fit at all times for a combat to the death in the mental arena."

"He is a giant for work, a giant in intellect, an all-round big citizen, a great statesman, a great leader, and withal he has a heart that beats warm and fast and true for that side of the world that most needs human uplift, that most needs the grasp of a great human hand strong enough and sure enough to protect and sustain against all combinations of oppression—Against anything and everything that is opposed to the square deal of man to man"

"For such a man as this—for Theodore Roosevelt—you will have a chance to record your votes next fall."

Let all admirers of Roosevelt living in Logan meet at the Court House tomorrow at 1:30 to name delegates for the Convention at Provo on the 27th inst. All other towns in the Valley should have a meeting the same day and appoint one delegate each.
